

Q4 2025

WINTER NEWSLETTER

A MESSAGE FROM OUR TRUSTEES

2025 was another fantastic year for the evo Foundation, with some fantastic challenges completed and lots of funds raised to help our communities. We're incredibly grateful to everyone who took part in a challenge, donated, or shared their expertise with us over the past year. Thank you!

2026 will be another big year for evo Foundation, with a new chairman on board, we'll be rolling out some exciting new initiatives in the next 12 months, so keep your eyes peeled for more updates...

FUNDRAISING FOCUS

Banner Hunted

Teamwork, Challenge & Charity Impact

At Banner, we're passionate about teamwork, community, and making a positive impact, values that truly came to life during our annual Banner Hunted fundraising challenge.

From our offices in Normanton to Stoke, Norwich and Northern Ireland, this year's event brought together colleagues from across the business for a whirlwind of fundraising, collaboration, and adrenaline-fuelled adventure.

Over the space of a week and covering over 90 miles between them, thirteen determined teams took on the epic challenge, showing incredible spirit as they navigated unexpected twists, outsmarted the hunters, and battled it out to be crowned Banner Hunted Champion 2025.

While the event was packed with excitement and friendly competition, its real purpose was to raise vital funds for the evo Foundation, our group charity. evo Foundation supports projects that strengthen and inspire local communities, from educational grants to financial assistance for employees and their families.

Thanks to the generosity of our sponsors, Energizer, Dams Furniture, and ProAmpac, and the amazing support from everyone who donated and cheered us on, we've already raised an incredible £9,487. We're now just a step away from reaching our £10,000 fundraising target, and with your help, we can cross the finish line.

Every donation, big or small, helps us continue supporting projects that make a real difference.

A huge congratulations to all our colleagues for their creativity, energy and teamwork, you've made Banner Hunted 2025 an unforgettable success and a true celebration of what we can achieve together.

FUNDRAISING FOCUS

42 STADIUMS IN 24 HOURS. CHALLENGE COMPLETED!

Gordon Profit and Mark Sives completed their 42 in 24 Challenge in an astonishing 23 hours and 12 minutes in December.

From a 4:45am start to the very final stadium stop, the pair covered countless miles across the UK, all in support of two brilliant causes: B Heard Charity and evo Foundation.

Across the two intense days on the road, Gordon and Mark pushed through early starts, long drives and minimal rest, documenting their journey along the way and sharing updates that kept supporters cheering them on at every stage.

A real highlight of the challenge was the chance to meet Morgan, Leon and Brooks, the inspiring individuals behind B Heard Charity, putting real faces and stories to the cause they were supporting.

This challenge was about far more than football stadiums. It was about community, commitment, resilience and making a real impact.

A huge congratulations to Gordon and Mark for an outstanding achievement and a heartfelt thank you to everyone who donated, shared, followed the journey and sent messages of support over the two days. Every bit of encouragement helped power them through.

THANK YOU!

Thank you to all our amazing volunteers who walked, hiked, ran, kicked, jumped and swam their way to raising **over £80k** for evo Foundation in 2025. We couldn't have done it without you!
