

Become an evo Foundation Corporate Partner for 2026

ABOUT evo FOUNDATION

We were founded in 2023, with the aim of furthering education and tackling poverty.

We know those are some big challenges to solve. That's why the evo Foundation is committed to developing a sustainable framework to support people in our local communities, and the wider business supplies industry, through small donations and strategic partnerships.

Our mission is to make a tangible difference to the lives of people who live and work in the communities in which we operate.

HOW WE CAN SUPPORT YOUR PEOPLE

TARGETED SUPPORT

Our direct grant programme allows individuals to apply for monetary support at any time.

These one-off payments of up to £1,000 are designed to alleviate a short-term need, helping people to get back on their feet after bereavement, illness, or other significant life events.

EDUCATION GRANTS

Launched in 2024, our education grant programme has awarded £20,000 worth of small grants to young people entering further education.

Whether it's transport costs, purchasing a laptop for university, or getting through those first challenging months away from home, we firmly believe that financial barriers shouldn't hold anyone back from pursuing their education.

PARTNERING FOR SUCCESS

Alongside our donations to individuals, we also regularly partner with other non-profit grassroots organisations who are better placed than we are to support the individual needs of our community.

Visit www.evofoundation.org.uk/who-we-support/ to find out more about our partner organisations.

Corporate Sponsor Packages Available
